The Aydon is one of the newest additions to the dynamic GW Robinson Homes lineup. This open floor model features 4 bedrooms, 3 baths and a study, resulting in 2,744 square feet of luxurious living space. The Aydon is such a welcoming home, from the inviting foyer to the sun-drenched living spaces. The highly customizable kitchen has a tons of counter space, a walk-in pantry, and a large island with a long bar top for extra seating. It opens out to a spacious great room, breakfast area, and grand dining room. Plus, there is an option for turning the pantry entrance into a hidden pantry door! The master suite has its own private entrance onto the rear covered porch, along with an immense his and her walk-in closet, and a beautiful bathroom complete with a spacious walk-in shower and double vanities. There are three additional bedrooms on the other side of the house, behind the kitchen. Impressive 12 foot ceilings grace the foyer and dining room, with roomy 10 foot ceilings throughout the rest of the home. The enlarged 2-car garage has a handy pull-down ladder for access to the floored storage area in the oversized attic. And the spacious rear covered porch adds plenty of outdoor living space.
